

# BEERS OF GNARLY HOPS

## 2019 REFERENCE GUIDE

Brewery	Beer Name	Style	Description	ABV	IBU
6 Bears & A Goat Brewing Company	Mae West	Blonde Ale	WW II servicemen honored the legendary blonde bombshell by naming an inflatable life jacket after her famously buxom figure. When the front air pockets of the life vest inflated, it gave the wearer a “top heavy” appearance, much like the well-endowed actress. West made a name for herself in vaudeville before becoming an early Hollywood star. She was best known for her hourglass figure and lighthearted, bawdy double entendres. Likewise, their Blonde Ale is full bodied and sassy. Easy drinking and low in bitterness, a light floral and spicy hop character pairs with malty sweetness and a refreshing finish. Like its namesake, this beer can be a real lifesaver on a hot day!	5.0	
6 Bears & A Goat Brewing Company	O-Dark Thirty	Dry Irish Stout	You know the old proverb, “it’s always darkest before the dawn”? In nautical jargon, that’s O-Dark Thirty. O-Dark Thirty designates an unspecified time which occurs sometime after midnight but well before sunrise, and usually associated with starting the work day – like getting the cutter, boat or ship underway, standing watch, etc. No matter what the exact time is, it is always dark. Very dark. That’s a perfect description of our Irish Extra Stout. Midnight black and full-bodied without being thick or sweet; this is not your father’s Irish Stout. After drinking one, you’ll surely find O-Dark Thirty to your liking – no matter what time it is!	6.0

A collaboration between Harrisonburg Virginias Brothers Craft Brewing and NoDa Brewing Company, Citraspective is a sour IPA brewed with the hops of its namesake. Hoppy and Delightfully zesty, Citraspective is the result of our breweries joint introspection	5.0%	
<b>Brothers Craft Brewing</b>	The Great Debate	Stout – Imperial/Double	What we learned from The Great Debate of 1920, is that the universe is vast and has more depth than we previously knew. Inspired by that, they sought to brew a big, bold, layered stout that is truly out of this world. This jet black beer offers notes of chocolate and roast while a rich creamy body makes it even more of a joy to drink. No matter which side of the debate you are on, The Great Debate is a beer we can all come together for.	9.1%	35
<b>Collective Arts</b>	Life in the Clouds	NE Style IPA	Life in the Clouds is their flagship New England style IPA. After experimenting with the Collective Project HAZY IPA they dialed in the Simcoe and Mosaic hops and malt balance to optimize this juicy IPA's pleasantly fruit forward (think citrus and melon) taste and aroma. In keeping with the nouveau NEIPA tradition, Life in the Clouds is an unfiltered beer, neither overly-sweet nor bitter, with a pillowy mouth feel. Crack one, pour it in a glass, take a whiff, hold it up the the light and take a sip! Don't you agree?	6.1	50
<b>Collective Arts</b>	Ransack the Universe	American IPA	Galaxy hops from Myrtleford, Victoria in Australia and Mosaic hops from Yakima, Washington, USA, deliver aromas and flavors of tropical fruits, mango and citrus. Light malt body lets the hops shine through, and finishes crisp but not bitter. A hemispheric hop mashup.	6.8	85

<b>D9 Brewing Company</b>	Hakuna Matata	Tropical IPA	Tropical IPA brewed using hops from the US, UK, Germany, Slovenia, and New Zealand. The result is a much more balanced, less bitter but more flavorful Dank-style IPA with hints of Mandarin Orange, Pineapple, Grapefruit, and Elderflower.	6.5	72
<b>Devils Backbone</b>	Brut IPA	American Brut IPA	Brut IPA is very light bodied with a clean, dry palate thanks to lively citrus and white grape notes from Amarillo and Hallertau Blanc hops, plus a bit of malts. It's bubbly, sparkly, low carb, hoppy... and heck, elegant. Drink with an open mind and we're sure you'll love this extra pale wonder.	6.3	26
<b>Devils Backbone</b>	Golden Leaf	Golden Lager	While Gold Leaf is on the lighter side, it takes five weeks to perfect this traditional German-style lager. An homage to the days when beers were made 100% from malted barley, Gold Leaf is brewed with four European malts tempered with a touch of three imported hops. Plus, it's got subtle bready notes. And since it's not super hoppy or dark, this beer doesn't hide any flavor inconsistencies. That just keeps us honest.	4.5	21

<b>Dogfish Head Brewery</b>	SuperEIGHT	Super-Fruit Gose	A super gose made with eight heroic ingredients. Insert SuperEIGHT (the beer). This sessionable super gose is brewed with eight heroic ingredients: prickly pear, mango, boysenberry, blackberry, raspberry, elderberry, kiwi juices, toasted quinoa and an ample addition of red Hawaiian sea salt! Okay, so technically that's nine, but it 'gose' without say that there's going to be salt. These unique ingredients give this beer a vibrant red color, with delicious flavors of berries and watermelon, along with a tart - yet refreshing - finish.	5.3
